WHAT WE DO

For those children and youth unable to live at home due to neglect, abuse, homelessness, running away, or other family crises, CEDARS provides an array of safe places to stay that offer structure and support while working to facilitate a successful transition to a permanent living situation.

Family resources focus on maintaining healthy connections and helping families remain intact with services designed to help the entire family. CEDARS also provides children with early and ongoing developmental opportunities in an inclusive, diverse environment to help them become better learners in nationally accredited classrooms.

For youth who are at risk of, or who have committed law violations, CEDARS provides positive development programs to prevent subsequent law violations and prepare them to live successfully in the community. Youth receive support in the areas of education, employment, basic living skills, crisis intervention, and healthy relationships.
